ART QUEST

youth art camp

Centre for the Living Arts/ Space 301 wants your child to learn the world of modern and contemporary art through an interactive experience. Art Quest features guided tours of our contemporary art gallery exhibitions and multiple media studio art classes. Students will not only learn the basic elements of art but they will also discover new techniques and different materials to express their creativity. Staff will be certified teachers and professional artists.

Prices include registration for one week and all class supplies. If you register for multiple weeks and/or multiple children, you will receive a 20% discount. Please fill out the form in this brochure and return it to the gallery with your full payment. All fees must be paid in full with registration. Please bring a snack and lunch for your student, avoiding all peanut products. Refunds issued ONLY if the Centre for the Living Arts/ Space 301 cancels a week or changes times or dates and we do not guarantee any week will fill. For more information, please call Cindy Phillips at 251-208-5677.
